

A Quilt For A Lifetime

• Fabric Requirements, Hints, and Tips •

The fabric measurements listed below are what you need to ship, along with your t-shirts, in order to have your custom t-shirt quilt made. The labor, batting, binding, machine quilting, and stabilizer are all included in the cost of your quilt, the only materials that you are required to supply are listed below. Please be sure you read through the **Hints & Tips Section** located below to ensure you choose the correct fabric and prep your t-shirts properly for the quilting process. Fabric yardage is based on 42" wide. Please contact me if you have any questions!

Throw Quilt

approximately 86" x 86"

2 ¼ yards fabric for sashing
⅓ yard of contrast fabric
for sashing squares
1 ⅛ yard fabric for binding
7 ¾ yards fabric for backing

• Hints & Tips •

- **no** directional fabrics can be used. This includes plaids, stripes, or fabrics with a design that goes one way.
- **fleece** can be used for the backing, however you must contact me for the required amount, since it will differ from the measurements listed here.
- **fleece** cannot be used for the sashing, binding, or anything that goes on the front of the quilt.
- **no** pre-quilted or pre-stitched materials can be used in your quilt (three layers).

• T-Shirt Prep •

- **please** launder all of your t-shirts prior to shipping them.
- **do not** use any kind of fabric softener or drier sheets when you launder your shirts.
- **do not** cut your t-shirts before sending them to me. I will cut all shirts to ensure they are the correct size for the quilt.
- **please** send the exact number of t-shirts listed for your quilt; extras will not be used.
- **please** choose a layout for your quilt using the Quilt Layout Form, located on the website.
